

List of recommended hotels for participants of the IATDMCT Congress

The Congress venue (ICC Kyoto) is located in the north of Kyoto city. If you want to stay adjacent to the Conference center, Grand Prince Hotel Kyoto (4) is the best choice.

Please note that the Conference center and Grand Prince Hotel Kyoto are 15-min away north by the subway Karasuma Line from the city center. If you or your accompanying person prefer to stay at city center for dining and tourism, stay in city center is more convenient. In addition, some people will extend stay in Kyoto before or after the Congress. In such a case, it may be a good idea to stay in Grand Prince Hotel Kyoto during the Congress and to change hotel to city center during extra days for sightseeing.

Since too many accommodations are available in Kyoto, the Local Organizing Committee recommends some hotels which may be convenient for the Congress attendants. The following hotels located along the Karasuma Street are the most convenient because the subway Karasuma Line serves easy access to the Conference Center within 15 min. Of course, there are many other nice hotels available, and all choices are totally up to you.
